

NOTE 1: Which ever block you chose to make you'll need to make a total of 4 blocks. Play with the colors. Try not to place the identical color in the same spot on every block.

Note 2: All strips are $2\frac{1}{4}$ " wide and have lengths ending in $\frac{1}{4}$ ". Only the center piece and the #1 pieces strip is $2\frac{1}{4}$ " X $10\frac{1}{2}$ ".

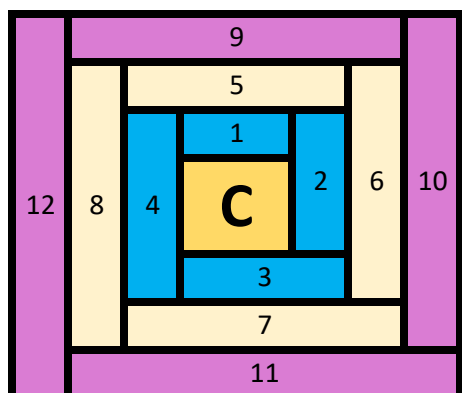

The Nortcott Banyan Batiks, with salvages are almost 45" wide. From on strip you will be able to get multiple pieces of different sizes.
